

# Shape Song

A triangle has three sides,  
a triangle has three sides,  
up the mountain down and back,  
a triangle has three sides.

A square has four sides,  
a square has four sides,  
all the sides are the same,  
a square has four sides.

A circle has one side,  
a circle has one side,  
round and round and round  
it goes,  
a circle has one side.

A rectangle has four sides,  
a rectangle has four sides,  
two are long and two are short,  
a rectangle has four sides.
